Cycle 0 started today and went smooth but please if you are cycle 0 anytime please arrive on time to avoid any issues.---PEAK is here lets get these next busy weeks behind us and lets show them what Merica is made of. Thank you for all you do! Reminder this year we are also off the 25th and 26th of December.	9413569661	Success	dfm5.montoya@gmail.com	Success

11/24/2025 2:30 PM ET	Here are the areas that need improvement from your latest scorecard for Nov 9 through Nov 15: - Your Delivery Completion Rate didn't make it to ""Fantastic"" last week. You can fix this by delivering all of your packages. - Your Delivery Success Behaviors score was 3003, which is not Fantastic. Please remember to check name/address, deliver near geo-pin, take photos, follow CX instructions, never deliver to mailboxes, hide packages, scan individually, mark correct reason codes, and contact customer if necessary. - You had 2 DNR(s) - it is critical to follow delivery notes. Do your best to ensure packages aren't visible to passers by & contact CX & Amazon Support if there are any delivery problems. - WARNING: You had sign/signal violations last week which lead to you not earning fantastic. - Your Customer Feedback Score was 1502. Speak to your DSP to find out why customers reported a negative experience. Here are the things you excelled at on your latest scorecard for Nov 9 through Nov 15: - You took excellent pictures, and your POD is ""Fantastic""! - You earned a ""Fantastic"" score for wearing your seatbelt last week. - You practiced safe driving and had a ""Fantastic"" week by following all posted speed limits. - You earned a ""Fantastic"" score for your distraction rate. - You earned a ""Fantastic"" score for your following distance rate.	9413569661	Success	dfm5.montoya@gmail.com	Success
